ABOUT ME

Recent B.Sc. CSIT graduate with 1 year and 3 months of frontend development experience, including a 3-month internship and ongoing work as a Junior Frontend Developer. Primarily experienced in React.js with TypeScript/TSX and Tailwind CSS, with a strong focus on building clean, responsive, and user-friendly web interfaces. Also familiar with React Native and currently expanding skills in mobile app development.

WORK EXPERIENCE

- Binaryburst Solution, Bhaktapur | May 2025 – Present

  Junior Frontend Developer

  - Developing frontend features for the Pickncare web platform, including booking and subscription-related functionality.
  - Working on the Pickncare mobile app contributing to clean UI, smooth navigation, and user-friendly screens.
  - Supporting Apple In-App Purchase integration and deployment for iOS and Android.
  - Currently building responsive frontend components for a real estate website project.
  - Building interfaces using React.js, TypeScript/TSX and TailwindCSS; collaborating with the team on requirements and documentation.

- Binaryburst Solution, Bhaktapur | February 2025 – April 2025

  Frontend Developer Intern

  - Worked on a School Management System, developed frontend interfaces and UI layouts for school management modules.
  - Gained practical experience in real-world software development, project structure, teamwork, and documentation.

CERTIFICATIONS

Cursa e-learning Platform | February 8 – 20, 2026
